MISSION

The Columbia River Steamship Operators' Association (CRSOA)'s mission is to facilitate trade, provide business leadership, exercise principles of environmental stewardship, serve as an industry focal point, and promote operating policies and practices that are safe, reliable, efficient, and cost-effective.

PURPOSE

CRSOA's purpose is to make the ports in the Columbia River region increasingly popular for commercial ships and shippers to come and do business. This is accomplished by working closely with Federal, state, and city governments, Federal and state legislators, ports, pilots, and shippers, with agricultural and industrial organizations, and with trade associations, unions, and others to ensure that quality services are provided at competitive prices in a safe, secure, reliable, and efficient manner.
